Happy Thanksgiving and Eid Greetings from LAHC:

The Lebanese American Heritage Club members and staff would like to extend sincere and heartfelt Thanksgiving and Eid Al-Adha greetings to all celebrating this holiday weekend. May prosperity surround you and the love of family and friends envelope you, always.

The LAHC is appreciative of all whom have put forth effort to sustain this viable organization and ensure its success throughout the last 27 years. In a day and age where the downturn in the economy has affected everyone in some capacity, we are thankful this holiday season that the LAHC is able to continue in providing the greater community with the programs and services necessary to advance and progress in an ever changing society.

As Muslim pilgrims in the Hajj celebrate the culmination of their pilgrimage, renewing their vows to the faith and beginning a new, spiritual journey, and Americans reflect on the struggles of coming to a new land and establishing the foundation of this great nation, let us be reminded of those who are unable to share in this day with their loved ones and those who have lost their lives protecting the freedoms this country was founded upon.

The LAHC wishes each and every one of you, our friends, supporters, and members, a blessed holiday weekend. Happy Thanksgiving and Eid Adha Mubarak.
